Coolest Camps

LSA is a nonprofit organization navigated, administrated, and operated by volunteer members. It is truly an organization of the members, for the members, by the members.

The primary **focus of the Board** is financial stability, legal direction, and strategic planning. The **Executive Committee**, comprised of the officers and the skating director, will manage legal, financial, and personnel oversight as well as all ongoing LSA activities. The executive committee also serves as liaison for all LSA task forces and teams.

Task forces and teams are made up of the membership; each team leader will be asked to set goals annually and establish a working timeline and checklist. In addition, they will submit an annual report to their EC liaison and the president. Assistance in transitioning a new team leader, when necessary, is greatly appreciated.

\*\* Indicates a sub task force.
